

Nationally Recognized for Advanced Stroke Care

Alexian Rehabilitation Hospital is part of Alexian Brothers Hospital Network (ABHN), a network known for providing the highest standard of healthcare. Both ABHN acute care hospitals, Alexian Brothers Medical Center and St. Alexius Medical Center, are nationally recognized for providing advanced stroke care by the Joint Commission on Accreditation of Healthcare Organizations. St. Alexius Medical Center is recognized by the American Stroke Association for implementing a higher standard of stroke care based on nationally accepted recommendations.

As a dedicated leader in stroke prevention and treatment, Alexian Brothers Hospital Network is committed to providing a continuum of care for stroke patients from screening and acute treatment to post stroke rehabilitation.

ALEXIAN REHABILITATION HOSPITAL

Alexian Rehabilitation Hospital in Elk Grove Village, Illinois is a unique collaboration between two distinguished institutions – Alexian Brothers Hospital Network and the Rehabilitation Institute of Chicago.

These two institutions share the same vision: a dedication to providing the finest, most comprehensive rehabilitation services for people with disabilities. Such excellence is recognized by U.S. News & World Report, which in 2006 ranks Alexian Brothers among the best in the nation in two specialties and has ranked the Rehabilitation Institute of Chicago the best rehabilitation hospital in America every year since 1991.

Alexian Rehabilitation Hospital

For more than seven hundred years, the Alexian Brothers have cared for the sick, the aged, the poor and the dying. The basic Judeo-Christian beliefs that inspired the founders of this Catholic religious congregation sustain its ministry today. This heritage is espoused by the governance, management and entire health care team throughout Alexian Brothers Health System in their mutual commitment to promote the physical, mental, spiritual and social well-being of all individuals served through the health care ministry.

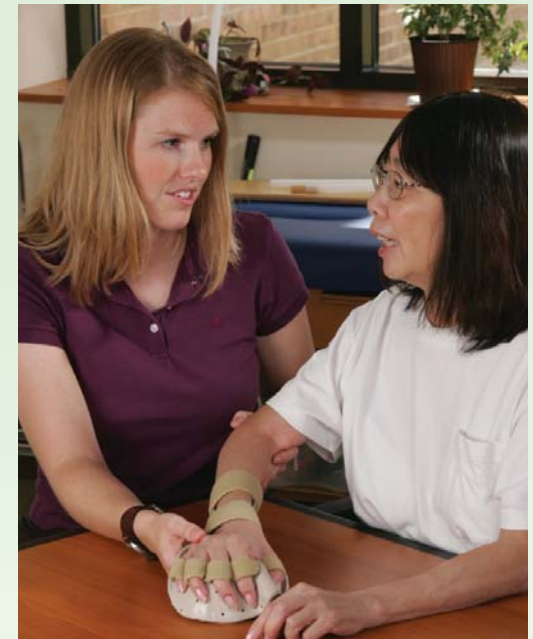

Alexian Brothers Medical Center and St. Alexius Medical Center are ranked among the nation's best hospitals by U.S. News & World Report.

Rehabilitation Institute of Chicago is ranked the best rehabilitation hospital in America for the 18th consecutive year.
